ELAP certifies companies as able to operate and to analyze the results from continuous radon monitors (CRM) and/or EPERMs. Verification of ELAP certification may be found at the ELAP website.

Charcoal canisters, alpha track detectors, CRMs and EPERMs may be deployed by testers with NEHA, NRSB, NJ or PA certification, but the testing device must be analyzed by a certified ELAP laboratory.

ELAP - New York State Department of Health Environmental Laboratory Approval Program

NEHA - National Environmental Health Association

NRSB - National Radon Safety Board

For more information about radon, please visit www.nyradon.org. Questions or comments: radon@health.state.ny.us
